# The Asian Youth Championship in Chongqing, China on November 1~4.

This event was the first international competition for the Cambodian National team. Yan Fai and Sophea, who were selected at the Lotus Cup in August, participated in this competition under the supervision of Semronn. All expenses were funded by Taica Corporation. Yan Fai had experienced the training project in Japan, but it was the first

experience for Sophea to climb the speed wall and the overhang as in the photo below.

They participated in Youth B for which climbers born in 2003~4 are eligible. The records can be seen on the IFSC website.

## The Asian Championship in Kurashiki, Tottori, Japan on November 7~11

The climbers and a Cambodian team coach belong to the Phnom Climb Community Gym in Phnom Penh. The climbers, Seyha, Channy and Pisay, and the coach, Bobby, left Phnom Penh on November 4 and experienced the official international competition for the first time. They returned on November 13. The tour was supported by JMSCA, montbell, people in Kurayoshi, and members of the ACN including Taica Corporation.

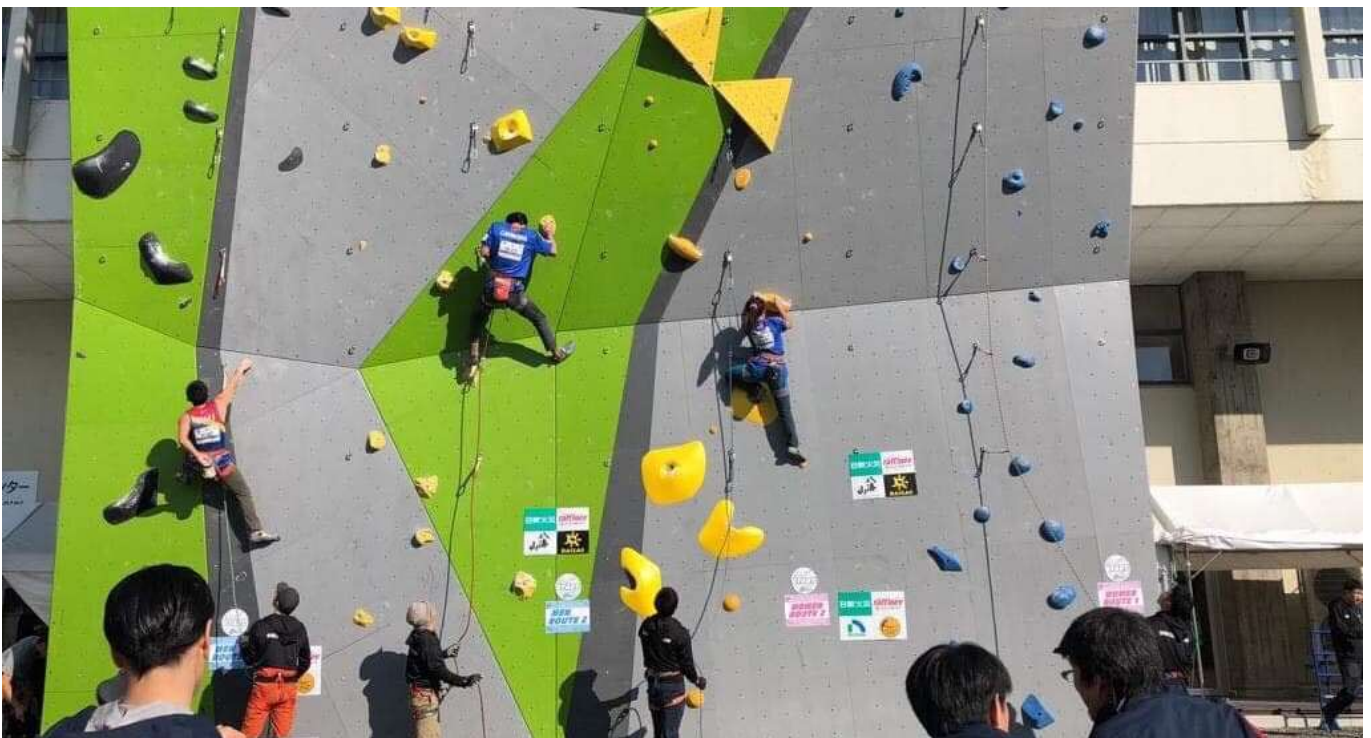

The results can be seen on IFSC website. Surprisingly, we could also see the ranking table.

In the Speed qualification on November 9, Seyha was lucky enough to climb the wall next to Reza from Iran, who holds a world record. The video can be seen at the above address. Unfortunately, Reza made a false start and could not reach the final, and the Indonesian team dominated the top ranks. As for the Lead and Bouldering, Japanese climbers won overwhelming victories. On the video recorded by an ACN member, you can hear the cheering “Cambodia GANBARE!”, “KOKOKARA KOKOKARA!” We would like to thank all the people in Japan for your support

Despite everything, we are thankful to be able to participate in the international competitions.

Editor's note

I have a lot more information. For instance, the wall built in Siem Reap Stadium was pulled down to make a soccer field. We would like to thank you for supporting the event at Global Festa in Odaiba, etc. Though this newsletter is short, I would mainly like to report that the climbers from CCF participated in international climbing competition this year.
